Dear Mayor Snider:

I would like to enlist the support of the City of Lodi in our efforts to attract a University of California campus to the greater Modesto area. Both the Mape's Ranch site on Highway 132, ten miles west of Modesto, and the Don Pedro site, 30 miles east of Modesto, remain under consideration as possible locations for the proposed tenth U.C. campus.

We feel that strong regional support will enhance our chances of obtaining this campus. A sample resolution is enclosed. If you need someone to make a presentation, please let me know.

An endorsement by the City of Lodi of our efforts would be greatly appreciated.

Sincerely,

Carol G. Whiteside
Mayor

Dear Mayor Whiteside:

Thank you for your October 18, 1990 letter advising of your efforts to attract a University of California campus to the greater Modesto area.

The City Council of the City of Lodi wholeheartedly supports the University of California Expansion Committee in their community effort to locate such a campus in Modesto.

Certainly, the construction of this facility in our area would add to the cultural opportunities and have a favorable economic impact in the central valley. Such a campus would provide access to a university education for students from Stanislaus, San Joaquin, Merced, Mariposa, and Tuolumne counties, which students are presently under-represented on University of California campuses.

Very truly yours,

John R. (Randy) Snider
Mayor, City of Lodi
